## Theme Customization - Color Picker

The screenshot displays the WordPress Customizer interface for a theme named 'My WordPress'. The left sidebar contains a 'Standard Colors' section, which is highlighted with a red box. This section includes three color pickers: 'Link Color' (blue), 'Button Color' (orange), and 'Button Hover Color' (purple). Each color picker has a 'Select Color' button. The main content area shows a preview of the theme's homepage, featuring a header with navigation links (Home, Blog, Portfolio, About Us, Contact Us), a welcome message, and two featured posts: 'Latest Cooking' and 'Latest Miscellaneous'. The footer includes a search bar, archives, meta links (Site Admin, Log out, Entries RSS, Comments RSS, WordPress.org), and a custom text area.
